Area Safe Products Safety Checklist For Hospital Facilities

CAR PARK - DRIVEWAYS - KISS & RIDE ZONES

*Wheel Stops prevent encroachment - Are any missing or broken? (AS2890.1:2004)	Qty <input type="text"/>
*Speed Humps - Are there any high risk locations needing traffic to slow down? (AS2890.1:2004)	Qty <input type="text"/>
*Bollards - Does the disabled parking shared zone have a 1300mm high DDA compliant bollard? (AS/NZS 2890.6:2009)	Qty <input type="text"/>
*Bollards - Are any safety bollards required to protect Kiss & Ride waiting areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates?	Qty <input type="text"/>
*Flexible Bollards - Are there any tight corners or ramps needing flexible impact bollards?	Qty <input type="text"/>
*Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors?	Qty <input type="text"/>
*Lane Dividers - Are any lane dividers or lane markers needed? (especially at entry / exit points, ramps)	Qty <input type="text"/>
*Parking Space Protectors - Are there any staff that need to secure/ reserve their parking spaces?	Qty <input type="text"/>
*Signage - Is there adequate signage in the car park? Is there a need for flashing light warning signs?	Qty <input type="text"/>
*Portable Swing Stand Signs - Are these available for deployment when needed, e.g. 'Car Park Full'?	Qty <input type="text"/>
*Stencils & Paint - Does the car park stencilling need to be refreshed or new areas marked?	Qty <input type="text"/>
*Potholes are potential trip hazards - Are there any pot holes/ cracks that need to be filled with Pothole Filler?	Qty <input type="text"/>
*Pedestrian Rails - Are there any walkways or exit doors where pedestrians could walk into the path of traffic?	Qty <input type="text"/>
*Access Control - Is there a need for height restriction bars, removable bollards or a manual boom gate?	Qty <input type="text"/>
*Corner Guards - Are columns and corners adequately protected from potential damage?	Qty <input type="text"/>
*Traffic Cones - Are cones available for traffic wardens to divert vehicles when needed?	Qty <input type="text"/>
*Bike Racks - Are bike racks needed in a suitable location? (AS2890.3 Class 2 or 3)	Qty <input type="text"/>
*Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)?	Qty <input type="text"/>
*Rubbish/Recycling Bins - Are bins spaced a maximum of 5-10m apart and not obstructing pathways (DDA)?	Qty <input type="text"/>

EMERGENCY DEPARTMENT / AMBULANCE / PATIENT TRANSPORT

*Wheel Stops prevent encroachment - Are any missing or broken? (AS2890.1:2004)	Qty <input type="text"/>
*Speed Humps - Are there any high risk locations needing traffic to slow down? (AS2890.1:2004)	Qty <input type="text"/>
*Bollards - Is there a disabled parking zone needing a 1300mm high DDA compliant bollard? (AS/NZS 2890.6:2009)	Qty <input type="text"/>
*Bollards - Are any safety bollards required to protect entries, pedestrian areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates?	Qty <input type="text"/>
*Flexible Bollards - Are there any tight corners or ramps needing flexible impact bollards?	Qty <input type="text"/>
*Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors?	Qty <input type="text"/>
*Lane Dividers - Are any lane dividers or lane markers needed? (especially at entry / exit points, ramps)	Qty <input type="text"/>
*Parking Space Protectors - Are there any staff that need to secure/ reserve their parking spaces?	Qty <input type="text"/>

Continued/-

- *Signage - Is there adequate signage in vehicle zones? Is there a need for flashing light warning signs? Qty
-
- *Signage - Is any custom signage needed? Qty
-
- *Stencils & Paint - Does the car park stencilling need to be refreshed or new areas marked? Qty
-
- *Potholes are potential trip hazards - Are there any pot holes/ cracks that need to be filled with Pothole Filler? Qty
-
- *Pedestrian Rails - Are there any walkways or exit doors where pedestrians could walk into the path of traffic? Qty
-

- *Traffic Cones - Are cones available for traffic wardens to divert vehicles when needed? Qty
-
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty

DOCK & DELIVERY ZONES

- *Retractable Belt Barriers - Are any portable or wall mounted belt barriers available to close off hazard zones? Qty
-
- *Speed Humps - Are there any high risk locations needing traffic to slow down? (AS2890.1:2004) Qty
-
- *Bollards - Does the disabled parking shared zone have a 1300mm high DDA compliant bollard? (AS/NZS 2890.6:2009) Qty

Continued/-

*Bollards - Are any safety bollards required to protect pedestrian areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates?	Qty <input type="text"/>
*Flexible Bollards - Are there any tight corners or ramps needing flexible impact bollards?	Qty <input type="text"/>
*Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors?	Qty <input type="text"/>
*Lane Dividers - Are any lane dividers or lane markers needed? (especially at entry / exit points, ramps)	Qty <input type="text"/>
*Signage - Is there adequate signage in the dock areas? Is there a need for flashing light warning signs?	Qty <input type="text"/>
*Signage - Is any custom signage needed?	Qty <input type="text"/>
*Portable Swing Stand Signs - Are these available for deployment when needed?	Qty <input type="text"/>
*Stencils & Paint - Does the car park stencilling need to be refreshed or new areas marked?	Qty <input type="text"/>
*Potholes are potential trip hazards - Are there any pot holes/ cracks that need to be filled with Pothole Filler?	Qty <input type="text"/>
*Pedestrian Rails - Are there any walkways or exit doors where pedestrians could walk into the path of traffic?	Qty <input type="text"/>
*Access Control - Is there a need for height restriction bars, removable bollards or a manual boom gate?	Qty <input type="text"/>
*Corner Guards - Are columns and corners adequately protected from potential damage?	Qty <input type="text"/>
*Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds?	Qty <input type="text"/>
*Traffic Cones - Are cones available for traffic wardens to divert vehicles when needed?	Qty <input type="text"/>
*Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)?	Qty <input type="text"/>
*Rubbish/Recycling Bins - Are bins spaced a maximum of 5-10m apart and not obstructing pathways (DDA)?	Qty <input type="text"/>

ENGINEERING & MAINTENANCE WORKSHOPS

*Bollards - Are any safety bollards required to protect pedestrian areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates?	Qty <input type="text"/>
*Corner Guards - Are columns and corners adequately protected from potential damage?	Qty <input type="text"/>
*Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds?	Qty <input type="text"/>
*Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors?	Qty <input type="text"/>
*Gas Bottle Storage Cage - Is there a compliant gas bottle storage cage for Class 2 flammable gas? (AS 4332:2004)	Qty <input type="text"/>
*Flammable Storage Cabinet - Is there a compliant cabinet for storage of Class 3 flammable liquids? (AS1940:2017)	Qty <input type="text"/>
*Aerosol Storage Cage - Is there a compliant storage cage for flammable Gas 2 aerosols? (AS/NZS 3833:2007)	Qty <input type="text"/>
*Pesticide Storage Cabinet - Is there a compliant 'Toxic 6' storage cabinet required? (AS/NZS 4452:1997)	Qty <input type="text"/>
*Corrosive Storage Cabinet - Is there a compliant 'Corrosive 8' storage cabinet required? (AS3780:2008)	Qty <input type="text"/>
*Mandatory Eye Wash Station & Emergency Shower - Are these installed where hazchem containers get opened? (AS 4775:2007)	Qty <input type="text"/>
*Machinery & Fuel Stickers - Are there any stickers required for machinery and fuel containers?	Qty <input type="text"/>
*Signage - Are all mandatory, prohibition & danger signs in place where needed?	Qty <input type="text"/>
*Signage - Is any custom signage needed?	Qty <input type="text"/>
*Floor Warning Signs / Swing Stand Signs - Are these available for deployment when needed?	Qty <input type="text"/>

Continued/-

- *Floor Mats - Are there any anti-fatigue mats and other floor mats needed? Qty

- *Shoe/ Boot Cleaner - Is a shoe cleaning brush required? Floor mats? Qty

- *Portable Expanding Barriers - Are any expanding barriers available to cordon off hazards or work zones? Qty

- *Kerb Ramps - Are kerb ramps on hand for access to grassed areas when required? Qty

- *PPE - Do you need any hi-vis safety vests, gloves, eye protection, ear plugs or other PPE? Qty

WASTE SERVICES DEPARTMENT

- *Bollards - Are any safety bollards required to protect pedestrian areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates? Qty

- *Impact Recovery Bollards - Are there any tight positions needing flexible impact bollards? Qty

- *Corner Guards - Are columns and corners adequately protected from potential damage? Qty

- *Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds? Qty

- *Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors? Qty

- *Machinery & Fuel Stickers - Are there any stickers required for machinery and fuel containers? Qty

- *Signage - Are all mandatory, prohibition & danger signs in place where needed? Qty

- *Signage - Is any custom signage needed? Qty

- *Floor Warning Signs / Swing Stand Signs - Are these available for deployment when needed? Qty

- *Floor Mats - Are there any entrance mats needed? Qty

- *Shoe/ Boot Cleaner - Is a shoe cleaning brush required? Qty

- *Portable Expanding Barriers - Are any expanding barriers available to cordon off hazards or work zones? Qty

- *PPE - Do you need any hi-vis safety vests, gloves, eye protection, ear plugs or other PPE? Qty

SECURITY ROOM / CONTINGENCY ROOM

- *Signage - Are all security, mandatory, prohibition & danger signs in place where needed? Qty

- *Signage - Is any custom signage needed? Qty

- *Trauma Tent/ Screen - Is there a light-weight trauma tent on hand for fast incident response? Qty

- *Emergency 'Go' Evacuation Kit - Is there one on hand and all contents topped up? Qty

- *Fire Warden Kits - Are the necessary warden kits available? Qty

- *First Aid Kit - Is there a compliant first aid kit on hand suitable for the number of personnel on site? Qty

- *Spill Kits - Is there a suitable spill kit available and is it fully topped up? Qty

- *Portable Barriers / Barrier Tape - Are these on hand for emergencies? Qty

- *Floor Warning Signs / Swing Stand Signs - Are these available for deployment when needed? Qty

- *Traffic Cones - Are cones available for wardens to divert vehicles when needed? Qty

- *Alert / Evac. Megaphone - Is this available with fully charged batteries? Qty

Continued/-

- *Wheel Chair - Is there a traditional wheel chair on hand? Qty
-
- *Sharps Disposal / Litter Pliers - Are these available for keeping the precinct safe and clean? Qty
-
- *Key Cabinet - Is there a key cabinet available with a suitable key capacity and tags? Qty
-
- *Stop / Slow Traffic Control Batten Sign - Is this available for traffic wardens? Qty
-
- *Planter Boxes - Are any planter boxes required for fresh green plant life or demarcation between areas? Qty
-
- *Wheelchair Access - Have wheelchairs been provided for? (Rubber Ramps, DDA table settings) (AS 1428.1:2009) Qty
-
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty
-

BACK OF HOUSE LINEN HANDLING

- *Bollards - Are any safety bollards required to protect pedestrian areas, protect buildings, protect fire hydrants, protect services infrastructure, protect boom gates? Qty
-
- *Impact Recovery Bollards - Are there any tight positions needing flexible impact bollards? Qty
-
- *Corner Guards - Are columns and corners adequately protected from potential damage? Qty
-
- *Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds? Qty
-
- *Convex Safety Mirrors - Are there any blind corners or ramps needing mirrors? Qty
-
- *Corrosive Storage Cabinet - Is there a compliant 'Corrosive 8' storage cabinet required? (AS3780:2008) Qty
-
- *Mandatory Eye Wash Station & Emergency Shower - Are these installed where hazchem containers get opened? (AS 4775:2007) Qty
-
- *Spill Kits - Is there a suitable spill kit available and is it fully topped up? Qty
-
- *First Aid Kit - Is there a compliant first aid kit on hand suitable for the number of personnel on site? Qty
-
- *Signage - Are all mandatory, prohibition & danger signs in place where needed? Qty
-
- *Signage - Is any custom signage needed? Qty
-
- *Floor Warning Signs - Are these available for deployment when needed? Qty
-
- *Floor Mats - Are there any anti-fatigue mats, anti-slip mats and other floor mats needed? Qty
-
- *Portable Expanding Barriers - Are any expanding barriers available to cordon off hazards or work zones? Qty
-
- *PPE - Do you need any hi-vis safety vests, gloves, eye protection, ear plugs or other PPE? Qty
-

CATERING DEPARTMENT

- *Bollards - Are any foodsafe stainless steel internal base plate bollards required to protect doors and equipment? Qty
-
- *Corner Guards - Are columns and corners adequately protected from potential damage? Qty
-
- *Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds? Qty
-
- *Safety Dome Mirrors - Are there any blind corners needing mirrors? Qty
-
- *Signage - Are all mandatory, prohibition & danger signs in place where needed? Qty
-
- *Signage - Is there any custom signage needed? Qty
-
- *Floor Warning Signs - Are these available for deployment when needed? Qty
-

Continued/-

- *Floor Mats - Are there any anti-fatigue mats, anti-slip mats and other floor mats needed? Qty
-
- *Portable Expanding Barriers - Are any expanding barriers available to cordon off hazards or work zones? Qty
-
- *PPE - Do you need any foodsafe hi-vis safety vests, gloves, eye protection, ear plugs or other PPE? Qty
-

GENERAL PEDESTRIAN AREAS / CORRIDORS / PATHWAYS / STAIRS

- *Tactiles - Are there any missing tactiles at top and bottom of stairs / ramps? (AS/NZS 1428.4.1:2009) Qty
-
- *Anti-Sip Stair Nosing - Are Australian Standard compliant stair nosing missing from any steps? (AS1428.1:2009) Qty
-
- *Entrance Matting - Are any mats worn and needing replacement? Do you need uniformity across the campus? Qty
-
- *Accessible Ramps - Are there any ramps needed for easy access? (AS 1428.1:2009) Qty
-
- *Braille Signs - Are any Braille signs missing for wheelchair access, Exit Levels, Lifts etc? (AS1428.1:2009) Qty
-
- *Signage - Is any custom signage needed? Qty
-
- *Portable Expanding Barriers - Are any expanding barriers available to close off hazard zones? Qty
-
- *Floor Warning Signs - Are any floor warning signs available for protection from liability issues? Qty
-
- *Stainless Steel free-standing Floor Sign - Are there any portable wayfinding signs available? Qty
-
- *Snap Frame / Lockable Poster Display - Is there a suitable poster cabinet for display of evacuation plans & notices? Qty
-
- *Floor Marking Tape - Are all safety zones marked with floor marking tape or painted lines? Qty
-
- *Cable Covers - Are cable covers available to prevent trip hazards with electrical leads or hoses? Qty
-
- *Rubbish/Recycling Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty
-
- *Seats and Benches - Are there any outdoor seats or benches needed? Qty
-
- *Pedestrian Rails - Are there any barriers needed outside walkways or exit doors needing to prevent pedestrians walking into the the path of traffic? Qty
-
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty
-

FIRE EGRESS

- *Signage - Are all the compliant signs in place? Are any missing or needing replacement? (BCA section D2.23) Qty
-
- *Fire Door Bollards - Are bollards in place outside fire doors to prevent obstruction? (BCA section D1.10) Qty
-
- *Anti-Slip - Do all stairs have compliant anti-slip tape or nosing? (AS1428.1:2009) Qty
-
- *Tactiles - Are there any missing tactiles at top and bottom of stairs / ramps? (AS/NZS 1428.4.1:2009) Qty
-
- *Braille Signs - Are any Braille signs missing for wheelchair access, Exit Levels, Lifts etc? (AS1428.1:2009) Qty
-

CAFÉ / KIOSK & CANTEN AREAS

- *Seating - Are there enough tables, benches & seats? Has good people-flow been designed into the layout? Qty
-
- *Rubbish/Recycling Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty
-

Continued/-

- *Queue Separation - Is there a need for pedestrian hand rails, crowd control barriers or queue control? Qty
- *Wheelchair Access - Have wheelchairs been provided for? (Rubber Ramps, DDA table settings) (AS 1428.1:2009) Qty
- *Planter Boxes - Are any planter boxes required for fresh green plant life or demarcation between areas? Qty
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty
- *Signage - Is there any custom signage needed including queue signs? Qty
- *Matting - Is there a need for entrance matting or safety cushion matting? Qty

OUTDOOR STAFF OR PATIENT BREAK-OUT / LUNCH AREAS

- *Picnic Settings - Are there enough picnic setting tables? Has people-flow been allowed for? Qty
- *Rubbish/Recycling Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty
- *Seats and Benches - Are any outdoor seats, benches and platform benches required? Qty
- *Planter Boxes - Are any planter boxes required for fresh green plant life or demarcation between areas? Qty
- *Wheelchair Access - Has easy access for wheelchairs been provided for? (Rubber Ramps, DDA table settings) (AS 1428.1:2009) Qty
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty
- *Signage - Is any custom signage needed? Qty

WASHROOMS & CHANGE ROOMS

- *Braille Signs - Are any Braille signs missing off doors? (AS1428.1:2009) Qty
- *Grab Rails - Are any accessible toilet/shower hand rails missing or damaged? (AS1428.1:2009) Qty
- *Accessories - Are any accessories needing replacement? (Soap dispensers, hand sanitiser station, paper towel dispensers, toilet roll holders, electric hand dryers, baby change tables) Qty
- *Floor Warning Signs - Is there a 'Caution Wet Floor' sign available to prevent slips? Qty
- *Doorway Barrier Sign - Is a telescopic doorway sign available to close it off when needed? Qty
- *Bench Seating - Is any bench seating required? Qty
- *Bag Hooks / Coat Hooks - Are any bag hooks missing or required? Qty
- *Wet area anti-slip matting - Is suitable matting needed on wet area floors? Qty
- *Rubbish Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty

MORTUARY

- *Bollards - Are any sterile stainless steel internal base plate bollards required to protect doors and equipment? Qty
- *Corner Guards - Are columns and corners adequately protected from potential damage? Qty
- *Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds? Qty
- *Spill Kits - Is there a suitable biohazard spill kit available and is it fully topped up? Qty
- *Portable Barriers / Barrier Tape - Are these on hand for cordoning off? Qty

Continued/-

- *Floor Warning Signs - Are these available for deployment when needed? Qty
-
- *Traffic Cones - Are cones available for when needed? Qty
-
- *Key Cabinet - Is there a key cabinet available with a suitable key capacity and tags? Qty
-
- *Trolley Access - Have rubber ramps been installed to eliminate small steps? Qty
-
- *Tactiles - Are there any missing tactiles at top and bottom of stairs / ramps? (AS/NZS 1428.4.1:2009) Qty
-
- *Anti-Slip Stair Nosing - Are Australian Standard compliant stair nosing missing from any steps? (AS1428.1:2009) Qty
-
- *Entrance Matting - Are any mats worn and needing replacement? Qty
-
- *Signage - Are all mandatory, prohibition & danger signs in place where needed? Qty
-
- *Signage - Is any custom signage needed? Qty

LABORATORIES

- *Bollards - Are any sterile stainless steel internal base plate bollards required to protect doors and equipment? Qty
-
- *Corner Guards - Are columns and corners adequately protected from potential damage? Qty
-
- *Rubber Wall Protectors & Dock Bumpers - Are any bumpers needed for vehicles, trolleys and stretcher beds? Qty
-
- *Flammable Storage Cabinet - Is there a compliant cabinet for storage of class 3 flammable liquids? (AS1940:2017) Qty
-
- *Aerosol Storage Cage - Is there a compliant storage cage for flammable gas 2 aerosols? (AS/NZS 3833:2007) Qty
-
- *Pesticide Storage Cabinet - Is there a compliant 'Toxic 6' storage cabinet required? (AS/NZS 4452:1997) Qty
-
- *Corrosive Storage Cabinet - Is there a compliant 'Corrosive 8' storage cabinet required? (AS3780:2008) Qty
-
- *Mandatory Eye Wash Station & Emergency Shower - Are these installed where hazchem containers get opened? (AS 4775:2007) Qty
-
- *Document Storage Boxes - Are any missing for prominent storage of Safety Data Sheets for the cabinets? Qty
-
- *Signage - Do you have all compliant signage required? E.g. Mandatory signs, Danger signs, Prohibition signs, Hazchem signs, Fire signs, Caution signs. Qty
-
- *Signage - Is any custom signage needed? Qty
-
- *Anti-Fatigue Matting - Is there suitable matting as required to help reduce muscle fatigue? Qty
-
- *Expanding Barriers - Is an expanding barrier available to cordon off a spill or hazard? Qty
-
- *Spill Kits - Is there a suitable spill kit available and is it fully topped up? Qty
-
- *Floor Warning Signs - Is there a 'Caution Wet Floor' sign on hand to help prevent slips? Qty
-
- *Cable Covers - Are any cable covers needed to avoid trip hazards with electrical extension leads? Qty
-
- *Dome Mirrors - Are safety mirrors needed to help provide visibility at blind corners? Qty
-
- *Fire Extinguishers & Signage - Are any signs or extinguishers missing or out of date? Qty
-
- *First Aid Kit - Is there a compliant first aid kit on hand suitable for the number of personnel on site? Qty
-
- *PPE - Is the stock topped up with Eye Protection, face masks, hand protection etc? Qty
-
- *Floor Marking Tape - Are all exclusion / hazard zones marked with floor marking tape? Qty
-
- *Manual Handling / Trolleys - Is there a scissor lift trolley available for safe lifting of equipment? Other trolleys? Qty

Continued/-

EDUCATIONAL / AUDITORIUM / FUNCTION SPACES

- *Floor Marking Tape - Are all safety zones marked with floor marking tape or painted lines? Qty
-
- *Signage - Do you have all compliant signage required? E.g. Mandatory signs, Danger signs, Prohibition signs, Hazchem signs, Fire signs, Caution signs. Qty
-
- *Signage - Is any custom signage needed? Qty
-
- *Rubbish/Recycling Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty
-
- *Event Wheelie Bin Covers - Do you need smart looking covers to cover indoor wheelie bins? Qty
-
- *Entrance matting - Are there suitable entry mats to help prevent slips and protect the flooring? Qty
-
- *Chair Stacker Trolley - Is a chair stacker trolley on hand for safe handling of chairs? Qty
-
- *Platform Trolley - Is a scissor lift or platform trolley on hand for safe handling and lifting of equipment? Qty
-
- *Retractable Belt Barriers - Are any on hand for queue control during events? Qty
-
- *Pedestrian Barriers - Are any portable (Plaslink) barriers required for protection around staging? Qty
-
- *High-Guard Expandable Barriers - Are any expanding barriers required to cordon off no-go zones? Qty
-
- *Bench Seating - Is any bench seating required in entry foyers or back-stage areas? Qty
-
- *Change Room Seating - Is any bench seating or bag hooks required for change rooms? Qty

AQUATIC CENTRE / GYMNASIUM

- *Floor Marking - Are all safety / exclusion zones marked with anti-slip floor marking tape or painted lines? Qty
-
- *Cable Covers - Are any cable covers needed to avoid trip hazards with electrical extension leads? Qty
-
- *Rubbish/Recycling Bins - Are they spaced a maximum of 5-10m apart and not obstructing pathways (DDA)? Qty
-
- *Event Wheelie Bin Covers - Do you need smart looking covers for indoor wheelie bins? Qty
-
- *Entrance matting - Are there suitable entry mats to help prevent slips and protect the flooring? Qty
-
- *Wet area anti-slip matting - Is suitable matting needed on wet area floors? Qty
-
- *Bench Seating - Is any bench seating required in entry foyers, back-stage, or pool areas? Qty
-
- *Change Room Seating - Is any bench seating or bag hooks required for change rooms? Qty
-
- *Grab Rails - Are any accessible toilet/shower hand rails missing or damaged? (AS1428.1:2009) Qty
-
- *Platform Trolley - Is a scissor lift or platform trolley on hand for safe handling and lifting of equipment? Qty
-
- *Retractable Belt Barriers - Are any on hand to cordon off areas? Qty
-
- *High-Guard Expandable Barriers - Are any expanding barriers required to cordon off no-go zones? Qty
-
- *Corrosive Storage Cabinet - Is a compliant 'Corrosive 8' storage cabinet required for pool chemicals? (AS3780:2008) Qty
-
- *Bird Spikes - Are bird deterrent spikes needed to prevent birds perching and making a mess? (health/slip hazard)? Qty

SPECIAL EVENT MANAGEMENT

- *Roll-out Red Carpet Runner - Is a red carpet runner on hand to welcome all guests? Qty

Continued/-

*Custom Printed Entrance Matting - Are custom printed entrance mats needed?	Qty <input type="text"/>
*Café/Market Umbrellas - Do you need portable/ relocatable shade umbrellas?	Qty <input type="text"/>
*Queue Control Barriers - Are any retractable belt barriers or rope barriers needed?	Qty <input type="text"/>
*Stainless Steel Floor Stand Signs - Are any portable signs needed for wayfinding or reserving car spaces?	Qty <input type="text"/>
*Triangle Safety Flagging (Bunting) or Barrier Tape - Are these on hand for creating exclusion zones?	Qty <input type="text"/>
*Crowd Control Barriers - Are suitable crowd control barriers available?	Qty <input type="text"/>
*Traffic Cones - Are cones available for wardens to divert vehicles when needed?	Qty <input type="text"/>
*Printed Hi-Vis Vests - Are these available for staff and wardens?	Qty <input type="text"/>
*Stop / Slow Traffic Control Batten Signs - Are these available for traffic wardens?	Qty <input type="text"/>
*Kerb Ramps - Are kerb ramps needed to enable vehicle access to grass areas (overflow parking)?	Qty <input type="text"/>
*Cable Covers - Are any cable covers needed to avoid trip hazards with electrical extension leads?	Qty <input type="text"/>
*Trauma Tent/ Screen - Is there a light-weight trauma tent on hand for fast incident response?	Qty <input type="text"/>
*First Aid Kit - Is there a compliant first aid kit on hand suitable for the number of personnel on site?	Qty <input type="text"/>
*Warden Vests & Caps - Are the right vests, caps available and the right quantity of each?	Qty <input type="text"/>
*Emergency 'Go' Evacuation Kits - Are these on hand for wardens to take to Evacuation areas?	Qty <input type="text"/>
*Alert / Evac. Megaphone - Is this available with fully charged batteries?	Qty <input type="text"/>
