The Astra Planter and Tree Protection range

→ Paris

The Paris Planter is a sleek addition to the Paris Series of furniture pieces. As it coordinates seamlessly with the additional seating and table setting options in the series, it is a fantastic addition to dress up any landscape area and is an easy solution for plant placement. The Paris Planter is manufactured in Australia using a heavy duty aluminium frame with a stainless steel lid. The sides of the planter are created using timber side panels.

[See Pages 207](#)

→ Barcelona

The Barcelona Planter is a sleek addition to the Barcelona Series of furniture pieces as it coordinates seamlessly with the seating and table setting options in the series, it is a fantastic addition to dress up any landscape area and is an easy solution for plant placement. Suitable for both indoor and outdoor application, the planter can be bolted down or left freestanding.

[See Page 202-204](#)

→ Athens

Athens Suite of Planters are modern, Australian-made planter boxes available in three sizes, two colours, and five stylish slat options. Featuring a heavy-duty steel frame, they offer bold visual impact for contemporary outdoor spaces.

[See Page 206-207](#)

→ London

The London Planter is a premium Australian Made planter with a heavy duty steel frame, slatted sides and recycled plastic liner that is removable. Designed to coordinate with the London or Madrid seating series, they are built to last and can be bolted-down or left free-standing.

[See Page 205](#)

→ Oslo Tree Guard and Grate

The Astra Advantages

1. Heavy duty galvanised steel frame
2. 8mm marine grade aluminium removable grate
3. Removable spigots for easy removal of frame
4. Grate manufactured in 2 halves for easy installation and removal
5. Grate powder coated black with a premium "anti-slip" powder coat
6. 3 different hole opening diameters — to suit varying-sized trees
7. Grates can be changed out to larger opening diameters as tree grows larger
8. Grate option with hardwood stake holes — to use hardwood stakes rather than the Oslo Tree Guard
9. Heavy duty galvanised steel tree guard — can be used with the guard or standalone
